New Job Opening

Creating Jobs

Your Challenge
Job creation is informal, undefined, and inefficient.

Your New Outcome
Hiring managers or recruiters can generate new jobs quickly with an easy custom wizard.

Approving Jobs

Your Challenge
Inefficient and manual workflow is a nightmare, lacking responsiveness from approvers.

Your New Outcome
Quicker new position approval and process updates through automated detailed email based process.

Posting & Marketing Jobs

Your Challenge
Job marketing process is very time-consuming; tracking and managing is difficult.

Your New Outcome
Get new jobs posted faster through the direct feed to the corporate career page, Indeed, and thousands of additional job boards.

Apply

Applicants Submitted

Your Challenge
Managing applicants using excel, paper, and email is cumbersome; hard to manage qualified vs. non-qualified candidates and provide candidate feedback.

Your New Outcome
Start receiving high quality completed applications through improved applicant experience.

Applicants Reviewed

Your Challenge
Evaluating applicants manually is inefficient and time-consuming.

Your New Outcome
Faster hiring manager responses through better vetted applicants being routed quicker and with single click status changes.

Interview & Evaluation

Your Challenge
Difficult to schedule, manage feedback, and respond or communicate.

Your New Outcome
Prevent interview mistakes through efficent email based communication and simple scored feedback collection.

Offer

Offer Creation

Your Challenge
Difficulty getting details gathered, presented, and approved.

Your New Outcome
Get new offers approved faster through single click, multi approver email based process.

Offer Extended

Your Challenge
Having to create a new offer letter for each new hire is time consuming, especially if there are multiple hires at the same time, and multiple hiring managers need to approve/schedule start dates and resources.

Your New Outcome
Quick offer templates make it quick and easy to create and present new offers and manage approved details.

Tasks/Checklists

Your Challenge
Overwhelming amount of incoming tasks and new hires.

Your New Outcome
Ensure all onboarding details are completed through an online task manager and completed checklist.

Paperwork

Your Challenge
Dealing with constant influx of new hire data and documents to manage manually.

Your New Outcome
New hire forms completion is less daunting through an online employee questionnaire, auto populated forms and digital signature.

Close Process & Hire

Your Challenge
Too many unstructured steps and a struggle to communicate with disparate stakeholders.

Your New Outcome
Ensure successful job closing process along with new hire communication through onboarding wizard and automated custom emails.
